

PRODUCT OVERVIEW

Product type:

- ✓ Paint for Hot Dip Galvanization Repair.

Benefits:

- ✓ Optimal for concealing and repairing discoloration in hot-dip galvanization.
 - ✓ Gradual change in gloss makes repaired areas less noticeable.
 - ✓ Complies with environmental regulations, maintaining aesthetics without compromising corrosion resistance.
-

Usage:

For cut surfaces, welded areas, or ungalvanized parts, repair with Roval first, then apply Mekki Cover spray.

Be cautious of thick application as it may slow down the fading rate.

Main features:

Inconspicuous finish for hot-dip galvanization repairs.

Gloss changes similar to hot-dip galvanization.

Product compliant with environmental laws.

Coating specification:

Pre-treatment: Priming with Roval required.

Painting method: Aerosol type.

Curing Condition: 23°C×30 minutes

Product specification:

Paint form: Aerosol type

Color: Galvanized silver

No dilution.
