Coat Visioner Brings New Productivity and Quality to Your Production

With Coat Visioner, our unique coating management system, you can visualize every step of the process, set clear work standards using technical data, and reduce waste.

SERVICE GUIDE

PROVIDING THE COAT VISIONER ALL-IN-ONE COATING MONITORING SYSTEM

Coat Visioner combines everything from pre-treatment to process management in one system, fully optimizing your coating process.

Enables Internal and External Cooperation

Coat Visioner links and unifies operations between main and subsidiary factories. B2B information sharing also strengthens traceability for client companies.

Supports Automation of Coating Process

Coat Visioner automates coating work, helping to solve problems caused by the shortage of experienced staff and prepare for future workforce challenges.

Real-Time Monitoring

With Coat Visioner, progress can be monitored in real time, with instant alerts for any issues. This stabilizes quality and reduces waste.

FIRST COATING CONSULTING SERVICE IN VIETNAM

We are the first consulting-based industrial coating support company in Vietnam, offering a unique business model with Coat Visioner. Using years of coating process data in Coat Visioner, we solve technical and workforce issues for our clients. Through IT and data analysis, we help raise productivity and quality in coating processes, strengthening our clients' competitiveness.

Total Support Service

Coat Visioner provides total support, from consulting before introduction, to system design, and operational assistance after installation. We offer education for local staff, customized system options, and ensure smooth implementation. With remote data sharing, we support optimized operations at all times.

Flexible Customization

We can customize Coat Visioner to fit your business processes and existing systems. It is easy to introduce Coat Visioner gradually and link it with current systems, supporting your company's long-term growth and improvements. Optional features allow for even more expansion.

Is Your Coating Department Slowing Down Your Production?

If you leave skills shortages, quality instability, and delays in equipment investment unresolved, you risk lower productivity, rising costs, and loss of competitiveness. Poor quality damages customer trust and can mean lost business opportunities. Coat Visioner can help you address these risks early, securing steady growth.

Coat Visioner is a modern coating line management system that integrates comprehensive support solutions, including enabling collaboration between internal teams and external partners, automating the coating process, and real-time monitoring. With Coat Visioner, all technical and workforce challenges in the industrial coating sector are effectively addressed, helping you elevate the quality and efficiency of your coating operations.

TOWARDS A MODERN AND SUSTAINABLE PRODUCTION PROCESS

Coature Vietnam is committed to enhancing productivity and stabilizing quality, helping businesses overcome technical and workforce challenges. Together, we aim to build a more sustainable and efficient future through the Coat Visioner coating line management system.

OUR CORE SERVICES

Here is an overview of the services provided by Coature Vietnam. Coature Group, Japanese paint specialists, make your products unique and competitive through a variety of services. First, please feel free to contact us with your coating concerns. We will propose the best service to meet your challenges.

Paint Voyager

"Coating with high value-added paints will transform your products into uniquely competitive ones. Coature Group, with its extensive knowledge of Japanese paints, can propose high value-added paints and deliver them to you efficiently, even in small lots."

C.E Partner

Enhance the competitiveness of clients' coating processes. We will be your partner in the pursuit of coating productivity by utilizing our unique know-how. Coating is the final step in the production process, therefore, it is the process that most strongly requires stability in quality and capability.

Color Balue

Our high-value thermosetting paints revolutionize your painting productivity by preserving the durability of materials for an extended period. We meet your diverse needs through high-quality custom coloring and prompt delivery.

Thinner Streamer

The quality of the solvent as thinners has a great influence on the stability of coating quality. We politely propose the most suitable thinner according to the customer's paint, the coating environment, and seasonal changes. CT.thinner is manufactured entirely in Vietnam, which also contributes to cost reduction.

COATURE GROUP'S MISSION IN VIETNAM

Through our Paint Service, we want to be of service to Japanese-affiliated enterprises working hard in Vietnam. Coature Group is a partner that resolves issues with customers through leveraging its knowledge and consulting skills in paints and coating.
