

## PRODUCT OVERVIEW

**Product type:**

- ✓ Conductive paint with anti-static discharge function.

**Benefits:**

- ✓ Special conductive paint designed for anti-static and electrostatic discharge prevention.
  - ✓ Also available in light-color tintable types for broad applications.
- 

**Usage:**

Applicable to precision devices, home appliances, and building materials requiring anti-static measures.

**Main features:**

Anti-static function with conductive carbon.  
Material protection through prevention of electrostatic discharge  
No.30 type supports light-color tinting.

**Coating specification:**

Pre-treatment: Degreasing and cleaning  
Painting method: Air spray.  
Curing Condition: 140°C × 30 minutes

**Product specification:**

Paint form: Single-component  
Color: Black, light-color tintable  
Thinner: Dedicated thinner
