

PRODUCT OVERVIEW

Topcoat A4

Product type:

The lightweight design of the MS A4 automatic powder gun applies the core principles of MS Topcoat to reduce energy consumption in fixed-mount, reciprocator, or robotic applications. The gun delivers uncompromising performance and efficiency. When paired with an MS controller, it generates leading electrostatic charge in the powder stream, ensuring high transfer efficiency. The A4 gun is designed with a minimal number of spare parts for easy cleaning and simplified maintenance. Extensions and accessories are available.

Specifications

Features of the MS Topcoat A4 Automatic Powder Spray Gun

Advanced digital high-voltage technology: 0–100 kV / 1–100 μ A

Compatible with all types of powder coatings

High reliability

Wide variety of spray nozzle options

Quick color changes in a short time

- Thanks to the application of digital and advanced technologies, we have enhanced paint delivery efficiency, improved the quality of surface finishing, and reduced paint consumption.
- MS's latest advanced high-voltage technology enables precise and reliable setup of the coating process.
- Direct gun configuration via preset programs and adjustable paint output helps optimize operational efficiency.
- The gun is designed for easy cleaning, allowing for quick color changes.
- Its simple structure also facilitates the replacement of consumable parts, contributing to more efficient maintenance.

Accessories for MS Topcoat A4 Automatic Powder Gun

Round Spray Extension Nozzle 500mm

Round Spray Extension Nozzle 300mm

Round Spray Extension Nozzle 150mm

Round Nozzle Set

Flat Nozzle Set

Flat Spray Extension Nozzle 150mm

Flat Spray Extension Nozzle 300mm

Flat Spray Extension Nozzle 500mm

Tubes for MS Topcoat A4 Automatic Powder Gun

Tube 600mm

Tube 800mm

Tube 1000mm

Tube 1200mm

A4 Automatic Powder Gun

Specifications

A4 Automatic Powder Gun	
Weight	470g
Length	350mm
Output Voltage	100 kV
Input Air Pressure	0.6MPa ~ 0.8MPa
Polarity	Negative
Protection Rating	IP 64
Powder Output	450 g/min (Max)
Usable Powder	General powder coating, metallic powder coating
