

# PRODUCT OVERVIEW

## Robot Gun System Mighty Compact Gun

## ***Product Type:***

This is a highly versatile coating system that allows easy setting of coating parameters. It can readily accommodate high-mix, low-volume production as well as random production, and by leveraging its excellent paint penetration capability, it is ideally suited for coating complex-shaped parts and metallic finishes.

### **Robot Gun System**

#### **Mighty Compact Gun**

- An air-atomizing electrostatic spray gun that combines the characteristics of air spray and electrostatic coating.
- Incorporates a cascade housing and low-voltage cable to ensure safe operation.

***Mighty Compact Gun***

---

## Specifications

Model	Mighty Compact Gun
System type	Cascade type
Gun body length	330 mm
Weight	1.8 kg
Maximum output voltage	DC –60 kV
Maximum paint output	300 ml/min
Air consumption	Atomizing air: 100–250 L/min Pattern air: 100–250 L/min

---
